- Područje djelovanja
- Naziv radnog mesta
 - Aktivnosti

2013-danas

Odjel za biotehnologiju Sveučilišta u Rijeci

Visoko obrazovanje

Izvanredni profesor

Nastava i znanstveno istraživanje:

- Voditelj kolegija Farmakologija i Molekularna neurobiologija
- Sudjelovanje u nastavi kolegija: Personalizirana medicina, Tkivno inženjerstvo, Nanomedicina, Fiziologija, Introduction to Neuroscience, International Summer School in Pathophysiology and Public Health
- Istraživanje: područje molekularne neurobiologije (istraživanje molekularnih i staničnih mehanizama uključenih u patofiziologiju ozljeda leđne moždine i živčanu regeneraciju)

Institucijske funkcije:

Zamjenica Pročelnice odjela za biotehnologiju Sveučilišta u Rijeci (od travnja 2018.)

Predstojnik Zavoda za molekularnu i sistemsку medicinu (od studenog 2016)Erasmus koordinator / član povjerenstva za međunarodnu suradnju Odjela za biotehnologiju (2015-2018)

Član Stegovnog povjerenstva Odjela za biotehnologiju Sveučilišta u Rijeci (od 27.11.2015)

Član Savjeta Senata Sveučilišta u Rijeci (od 2016)

Član Savjeta za znanost Sveučilišta u Rijeci (od 22.11.2016)

Član Povjerenstva za izradu analize i stanja i prijedloga mjera s ciljem razvoja Odjela za biotehnologiju Sveučilišta u Rijeci (od 9.10.2017)

Član Sručnog Vijeća Centra za studije Sveučilišta u Rijeci (od travnja 2018)

2015 (svibanj-listopad)

SISSA Trieste, Neurobiology Department, Trst, Italija

Visoko obrazovanje

Gostujući profesor

2009-2013

Spinal Persons Injury Neurorehabilitation Applied Laboratory (SPINAL), Institut of Fisical Medicine and Rehabilitation (IMFR) Udine, u suradnji sa SISSA/ISAS (Scuola Internazionale Superiore di Studi Avanzati/International School for Advanced Studies, SISSA/ISAS) Trst, Italija

Znanstveno-istraživačka djelatnost

Istraživač

Istraživački projekt "Molecular mechanisms of cell death after spinal cord injury"

(djelatnost je uključivala mentoriranje diplomanada, doktoranada i post-doktoranada)

ORGANIZACIJSKE VJEŠTINE I KOMPETENCIJE

Tijekom mog rada na SISSA-i u Trstu vodila sam, organizirala i nadgledala rad međunarodne grupe istraživača u kojoj su bili uključeni studenti (diplomandi i doktorandi) i znanstvenici (post-doktorandi i inozemni gosti profesori). Isto tako, razvila sam i međunarodnu znanstvenu suradnju (Sveučiliše San Paolo, Brazil i Sveučiliše Melbourne, Australija), koja je rezultirala objavljinjanjem zajedničkih znanstvenih radova.

Od 2013. godine na Odjelu za biotehnologiju Sveučilišta u Rijeci stvaram istraživačku grupu koja se bavi istraživanjem endogenih matičnih stanica leđne moždine sisavaca i njihovoj ulozi u regenerativnim sposobnostima živčanog tkiva i koja je ostvarila značajnu međunarodnu suradnju koja je rezultirala objavljanjem kvalitetnih znanstvenih radova, te dobivanjem međunarodnih i nacionalnih finansijskih potpora.

TEHNIČKE VJEŠTINE I KOMPETENCIJE

DIDAKTIČKO ISKUSTVO

Metode molekularne biologije, stanične biologije , elektrofiziologije i tkivnog inženjerstva

Sveučilišna nastava:

- **Sveučilište u Zagrebu, 1992-1993**, asistent iz prediplomskih kolegija: *Genetika, Populacijska genetika, Mutageneza i kancerogeneza*
- **SISSA, Trst, 2001-2002**, suradnik na doktorskom kolegiju: *Metode molekularne biologije*
- **Sveučilište u Trstu, 2009**, voditelj prediplomskog kolegija *Virtualni laboratorij molekularne biologije*
- **Sveučilište u Rijeci, 2012-danas**, voditelj prediplomskih kolegija *Molekularna Neurobiologija i Farmakologija za biotehnologe; suradnik na kolegijima Personalizirana medicina, Tkivno inženjerstvo, Nanomedicina, Fiziologija*

Mentorstvo i komentorstvo

- **2002, Marie Wintzer** "Genes differently expressed in neonatal opossum spinal cord in animals that can or cannot regenerate after injury", SISSA, **PhD** (komentor s Prof. J.G. Nichollsom)
- **2009, Chiara Mattioli** "Studies of spinal locomotor networks in vitro: lessons from experimental damage and neuroprotection", University of Trieste u suradnji sa SISSAom, **MSc** (komentor s Prof. A. Nistri)
- **2011, Anujaianti Kuzhandaivel**, "Molecular mechanisms underlying cell death after spinal cord injury" SISSA, **PhD** (komentor s Prof. A. Nistri)
- **2013, Sohely Ashraf**, "Study of developmental stages of microglia in spinal cord explants and organotypic culture" SISSA, **MSc** (komentor s Prof. A. Nistri)
- **2013, Elena Bianchetti** "Cell death neuroprotection and repair mechanisms in a model of rat spinal cord injury in vitro", SISSA, **PhD** (komentor s Prof. A. Nistri)
- **2014, Nina Jurčić** "Investigating role of microglia activation in pathology of spinal cord injury" Odjel za biotehnologiju Sveučilišta u Rijeci, **MSc**
- **2014, Renato Čargonja** "HSP70 antagonizes parthanatos in motoneurons after experimental spinal cord injury in vitro" Odjel za biotehnologiju Sveučilišta u Rijeci, **MSc**
- **2015, Antonela Petrović**, "Role of HSP70 and HSP90 in motoneuronal death after experimental spinal cord injury" Odjel za biotehnologiju Sveučilišta u Rijeci, **MSc**
- **2015, Dominika Došen**, "Characterization of the spinal cord ependymal cells in opossum at the time of development when regeneration stops being possible" Odjel za biotehnologiju Sveučilišta u Rijeci, **MSc**
- **2013-2015, Ana Dekanić**, mladi istraživač

Završni radovi (mentor):

1. **Desiree Željka Brkić**: Endokanabinoidni sustav – njegova uloga u zdravlju i bolesti; obranjen 22.09. 2017.
2. **Eni Tomović**: Neuroregeneracija središnjeg živčanog sustava; obranjen 25.9. 2017.
3. **Katarina Sučić**: Neurobiologija ljubavi; obranjen 13.4.2017.
4. **Petra Linić**: Alzheimerova bolest: molekularne osnove i terapijski pristup; obranjen 29.09. 2017.
5. **Sanja Mikašinović**: Molekularne osnove šizofrenije; obranjen 25.9.2017.
6. **Marija Begić**: Potencijalni farmakološki učinci histamina, te agonista i antagonistisa

njegovih receptora: sadašnjost i budućnost; obranjen 8.9.2016.

Trenutno mentoriram rad sljedećih mladih znanstvenika:

Antonela Petrović, doktorand (SISSA/SvRi)

Ivana Tomljanović, doktorand (SvRi)

Zrinko Baričević, doktorand (SvRi)

Tatiana Grouin, diplomand (Université de Cergy, Fr)

Sanja Mikašinović, diplomand (SvRi)

DODATNE INFORMACIJE

Financijske potpore

2018-2021 stipendija za doktoranda-asistenta, HRZZ

2017-2021 Istraživački projekt Hrvatske zaklade za znanost (HRZZ) IP-2016-

06-7060 "Istraživanje granice između neurodegeneracije i neuroregeneracije: identifikacija ključnih molekula pomoći proteomike i funkcionalnih testova na lednjoj moždini sisavaca (DefineREgenAgeMode)"

2015-18 stipendija za doktoranda-asistenta (A. Petrović), HRZZ

2014-17 ICGEB - CRP Research Grant CRP/CRO14-03

2013-15 European Social Fund – DIANET (FP1328788001; stipendija za A. Dekanić)

2011-13 IBRO Return Home Program Grant

2001 Young Researcher Grant A.AC.BIOF.136, Italian Ministry of Science and Technology

1993-97 UNIDO International Ph.D. fellowship

Nagrade

2015. izabrana za najboljeg predavača od strane studenata Odjela za biotehnologiju Sveučilišta u Rijeci

Urednik za časopis

Asian Journal of Neuroscience

BioMed Research International

Journal of Spine

Recenzent za međunarodne časopise

African Journal of Traditional, Complementary and Alternative Medicines (AJTCAM)

Brain Research

Cellular and Molecular Neurobiology (CEMN)

Developmental Neurobiology
